5<sup>th</sup> Semester Regular / Back Examination: 2022-23 SUBJECT: Human Resource Management- I

BRANCH(S): MAM Time: 3 Hour Max Marks: 100 Q.Code: L399

Answer Question No.1 (Part-1) which is compulsory, any eight from Part-II and any two from Part-III.

The figures in the right hand margin indicate marks.

#### Part-I

Q1 Answer the following questions:

 $(2 \times 10)$ 

- a) What do you understand by HRM?
- b) Define Human Resource Planning.
- c) State and define Recruitment?
- d) Selection methods are many. What are they?
- e) Why Training is important in an organization?
- f) What are the different types of Training?
- g) What is Transactional Analysis?
- h) Define Performance Appraisal.
- i) What do you understand by 360-degree Appraisal.
- j) What is Management by Objective?

#### Part-II

### Q2 Only Focused-Short Answer Type Questions- (Answer Any Eight out (6 × 8) of Twelve)

- a) What is the importance of Performance Appraisal? How it helps the Organization to evaluate its employees.
- b) What is the significance of TQM in the organization? Explain.
- c) Measuring the Effectiveness of training programme is more important than training imparted. Justify.
- d) What is the difference between on the job and off the job Training?

  According to you which is more important and why?
- e) What you understand about promotion from HRM point of view? What are the bases of promotion?
- f) Training and Development of people working in an organization is essential. Do you agree? Justify.
- g) Transfer is one of the approaches of Human Resource Management. Why it is important?
- h) What do you understand by Job analysis and how it is different from Job design?

i) What is the process of Selection? Elaborate.

you agree? Explain it with your view point.

- j) How an organization does the Training Need Assessment? What is the procedure for the same?
- **k)** What are the emerging Trends of HRM in Globalized economy? Explain the same.
- I) What is JIT and QC? Why it is important in the organization of 21<sup>st</sup> Century?

## Part-III Only Long Answer Type Questions (Answer Any Two out of Four)

Mention about the Evolution of Human Resource Management with detail explanation on your understanding about it.

What is the objective of performance Appraisal? Does every organization adopt Performance Appraisal? What is its benefit? Explain.

Human Resource planning is an important aspect of HRM. Describe the process of HRP in detail.

Training is essential for all the levels of Employees in an organization. Do (16)

  - g) A loan of Rs.10,00,000 is to be repaid over 5 year in equated installments calculated on the basis of an effective rate of interest of 16% per annum the equated annual installment
  - h) A firm has sales of Rs. 10,00,000, variable cost of Rs. 7,00,000 and fixed cost of Rs. 2,00,000 and debt of Rs. 5,00,000 at 10% rate of interest. What are the operating, financial and combined leverages?
  - i) Distinguish between NPV and IRR.
  - j) Distinguish between Over and Under capitalization of the company.

- k) Compute the cost of capital of a 12% debenture issued by XYZ Ltd., with a face value of Rs 100, total amount of issue Rs 200000, with a redemption period of 7 years and issued at a premium of 10%.
- I) Explain the Net-Income approach theory of capital structure.

#### Part-III

#### Only Long Answer Type Questions (Answer Any Two out of Four)

Q3 Explain in detail the two irrelevant theories of capital structure.

(16)

Evaluate the two projects by applying NPV and PI method and give your recommendation (use 10% discounting factor) (16)

Year	Project A	Project B
0	(1,00,000)	(1,00,000)
1	20000	14000
2	22000	19000
3	28000	24000
4	27000	28000
5	25000	30000
6	22000	33000

What do you mean by capital structure? What is its importance? Explain in detail about the determinants of ideal capital structure? (16)

Q6 Following are the details regarding the capital structure of a company

(16)

Type of capital	Book value (Rs.)	Market value (Rs.)	Specific cost (Rs.)
Debentures Preference Capital	40,000 10,000	38,000 11,000	5% 8%
Equity Capital Retained Earnings	60,000 20,000	1,20,000	13% 9%
	1,30,000	1,69,000	

You are requested to determine the weighted average cost of capital using:

- (a) Book Value as weights,
- (b) Market Value as weights,
