"Education is the most powerful weapon which you can use to change the world." - Nelson Mandela. This quote perfectly sums up my experience at BIITM. I was fortunate enough to be a part of a community that not only provided me with excellent education but also helped me grow as a person. One of the things that stood out to me about BIITM was the diversity of its students. Students from all walks of life and backgrounds came together to create a dynamic and inclusive environment. This allowed me to learn from my peers' experiences and gain a broader perspective on the world. The teachers at BIITM were some of the best in the industry. Their knowledge and expertise were second to none, and their dedication to their students' success was commendable. They went above and beyond to ensure that each student understood the subject matter and provided us with the tools to succeed. Their behavior towards the students was exemplary, and they were always approachable, supportive, and encouraging. They made sure that every student felt valued and heard, creating a nurturing environment for learning. All of these factors played a significant role in helping me secure two good campus placements with Federal Bank and UTI Mutual Fund. The knowledge and skills that I gained during my time at the college were instrumental in my success, and I owe it all to BIITM. In conclusion, my experience at BIITM was nothing short of extraordinary. The diversity of students, the best teachers, and their behavior towards students made it a remarkable journey. I am grateful for the education and opportunities that I received, and I will always cherish the memories and skills that I gained, at BIITM.

"You miss 100% of the shots you don't take."

Upon Graduation MBA was an important step to enter into the corporate sector, and choosing BIITM was one of the best decisions made by me. BIITM is an excellent choice for students seeking an MBA program that combines academic rigor with practical experience. The college's emphasis on soft skills development, industry exposure, and co-curricular activities helps students develop into well-rounded professionals ready to take on the challenges of the business world.

The faculty at BIITM consists of experienced professionals from the industry and academia, who bring their knowledge and expertise to the classroom. The college also invites guest lecturers and industry experts to share their insights and perspectives with the students. The college has a dedicated placement cell that provides students with assistance in job placement and internship opportunities. Today I am very much satisfied with the values that the college has given me and the efforts it has put into making me capable of securing a good placement in Companies like Ramco MRF and Kotak Mahindra Bank.

"Surround yourself with people better than you and you'll start getting better."

And that was exactly the best part about BIITM - being surrounded by hundreds of talented and insanely passionate people who have a completely different mindset and are unique on their own. We got to learn many things which we otherwise wouldn't have, and it makes you learn how to deal with people. BIITM not only helps you in getting academics and domain knowledge but also helps in building a character that is competitive and competent enough to sustain the pressure in the corporate world. The professors at BIITM are experts in their domain with years of experience and are very friendly in nature. Their experience is something that you don't get at every B-school, and the add on courses provided add a lot of value and uplift the weightage of our CV's. The placement cell's continuous efforts of arranging mock GD's and interviews is something that cleared out the fear of interviews from our minds and we were also provided with internship opportunities which helped a lot. The friends that I made at BIITM are all very different in their ways of thinking and doing things, and this made me learn a lot from them too and I hope that they remain a part of my life ahead and we keep on learning from each other. All this and much more has changed in the way I think, the way I approach challenges, the way I handle people and the way I look at everything. But most importantly, it helped raising the bar when it comes to making decisions and performing, and that's what MBA is all about and BIITM delivers it all.

I would like to express my heartfelt gratitude to BIITM College for providing me with the best placement opportunity. The college has been instrumental in shaping my career and helping me achieve my goals. The placement cell at BIITM College is one of the finest in the state. They have a dedicated team of professionals who work tirelessly to ensure that every student gets placed in their desired company. The college has tie-ups with some of the top companies in the industry, which provide students with a plethora of job opportunities. The training and placement program at BIITM College is designed to equip students with the necessary skills and knowledge required to succeed in their careers. The faculty members are highly experienced and provide personalized attention to each student, which helps them identify their strengths and weaknesses. I am grateful to BIITM for providing me with the best placement opportunity. I am confident that the skills and knowledge I acquired during my time at BIITM College will help me excel in my career. Once again, thank you BIITM for giving me the best placement opportunity.

I stumbled across BIITM when one of my elder brothers took admission in it. Honestly, his tales about the college, the ever-supporting faculties, and placement assistance wooed me. Back then, I was in my 2nd year of graduation. And that's when I made up my mind to pursue my Master's from here. After two wholesome years at this college, I can vouch for it. The teachers not only assist us academically but also in overall personality development. Well, that's also equally important in the corporate world. Apart from professional and personal development, the institution also aids students in honing their skills in extra-curricular activities such as sports, cultural events, and much more. Whatever I have achieved today, I owe it all to my beloved teachers at BIITM.

A journey of success is incomplete without proper guidance. I would like to thank my mentor Varun Sir, placement head K.Chandrasekhar Sir and all faculties of BIITM for their guidance. All the faculties are very knowledgeable and friendly and the most important thing is its placement drive. BIITM has given me the wings to fly with confidence.

I am sharing my experience - when I joined BIITM I could not speak English fluently. After that I started speaking English by the guidance of Varun sir. During Placement time I applied only for two companies and also got selected in both the companies: ASIAN PAINTS AND BERGER PAINTS. I sincerely thank my teachers who have been a constant support all over this period. Thanks a lot for making my future bright.

Without doubt I can say BIITM is the best MBA college in Odisha.

"BIITM" is another name of Hope... This is an extraordinary college in terms of placements and almost all the students got placements through placement fair conducted every year for different roles offered by the companies. Many students were planning to set up their own business in many fields. Teachers in our college are highly experienced and qualified in their respective fields. Moreover, it provides critical thinking skills to approach a problem and build a holistic approach and perspective. The course curriculum is very much relevant. It does make students industry-ready by inculcating the required skills. I am very glad to have a college like this and honestly, I think this is the best college in Odisha to be chosen by anyone for an MBA course.

Being from a science background and choosing a 5-years long management course, I was very skeptical about it. But the long period was worth it. BIITM has been an incredible journey for me. The faculty team at BIITM is outstanding, and their knowledge, experience, and passion for teaching are truly commendable. The dedication and commitment of the faculty members towards their students are reflected in their efforts to provide personalized attention and guidance to each student. Their constant support and guidance have shaped me into a better professional, and I cannot thank them enough for that. The college has established strong industry connections that provide students with excellent job opportunities. I got placed in two well-known organizations. The placement cell of BIITM works tirelessly to ensure that the students are well-prepared for their interviews. On-teaching staff here are so supportive and friendly that one will never feel left out here.

BIITM educates individuals who will have great impact on the organization they lead. The quality of education and placement percentage is what defines the institution in the current time. While most Management institutions focus on academics of its students, this institute also takes into consideration the personal growth of the individual as a whole, as they believe that a sound mind will lead to better administrator in the future.

The various departments dedicated to skillful learning of each subject plays an important role in the foundation of the institution. All the credit goes to all the faculty member who made sure each one of us was well informed about the topic. Whilst making sure of not burdening us with assignments, our faculties timed all the assignments appropriately for us to be able to complete them within the deadline.

The prime reason for students attempting to apply for this institute is the quality of placement. Every year all students are placed in about more than 100 companies which comprise of all departments like marketing, finance and HR. I am proud to say that with all hard work and support from college I got my dream company Asian paints as TSO (Territory Sales Officer) along with Berger paints as SSO (Senior sales officer) and in OPPO.

It's been an amazing journey of five years as an Integrated MBA student with BIITM. I still remember my initial joining days when I was full of doubts, everything was new for me and I had a sense of lost track of my life. These five years has made me a grown up professional, ready to face the corporate world out there. Dedicating five years was not at all an easy decision for me but I am glad that I made that call. Apart from the academics, add on practical exposure to the real world outside of the book is the proprietary initiative of BIITM and all the credits goes to the faculty members and staffs whose constant determination is towards the betterment of students. The exposure to all management related activities in BIITM is huge. I have been extremely fortunate to work as an SPC member of BIITM and also as a member of Finance & Economics club of this institution. Today I see a positive change of personality in me and thanking is the least I can do to all the people associated with this Institution. I will keep with me all the learnings and experiences of BIITM forever.

Joined BIITM as a confused kid with no prior knowledge or experience with no goals in life. BIITM taught me everything I know about corporate and gave me the opportunity to explore different fields. When in doubt the faculties helped me by clearing my confusion and helping me in making valuable decision. BIITM is like my second Home where I learned to be self-sufficient and provide me with a perfect platform for growth. I am eternally grateful for the Time I spent at BIITM and to all the facilities for what I am today. Do something now, your future self will thank you for later. I believe this as joining BIITM is one of the best decisions that I have ever made. As in my last 5-year experience I have gained a lot of knowledge and along with that I have improved my skills. Being a part of the Placement committee as an SPC member I have learnt how to work in a team, be patient and have a positive attitude and never give up. And BIITM helped throughout the 5 years to get corporate ready with all the training that we got with improving the communication skill, grooming to enhancing our personality. And the placement committee helps the students to get internships in well-known organizations and that helps us to gain practical knowledge about how things work in the real corporate world. The day I joined this college I was facing a lot of problems in communication and had stage fear and today I can say that I can confidently deliver a speech in front of a huge audience. And from Day 1 my aim was to join the banking sector and because of the placement department I got the opportunity to get placed in a well-known bank and for better result they have arranged pre placement training for the students like arranging special classes of reasoning and grammar for written test then special GD training before Group Discussion and providing a productive session with ex-bankers and bankers so that we can get a proper knowledge about how bank works and it had really helped out to crack that interview. And today here I am standing with a decent package in the position of Grade 1 Junior manager at FEDERAL BANK. And I am really thankful to the BIITM family. I can proudly say that I was a part of BIITM FAMILY.

Many people have already stepped through the doors of BIITM, and many more will do so in the years to come. The finest decision I made for my higher education was to pursue an MBA at BIITM. The first day at BIITM, my orientation day (Spark ignite your life), is still fresh in my memory. This began with a promise to make us more corporately prepared and provide us with a bright future through a motivational speech and BIITM till date has always kept its promise by providing top notch faculties who makes the concepts very understandable and interesting. BIITM understands the importance of that beside education. As an introvert, I initially believed it would be challenging for me to accomplish my goals. However, all the love, encouragement, and support from faculty and other staff members have inspired me to do things outside the box. A happy memory of extracurricular events, functions, festivals, study tours, and more, can be found at BIITM, a place that feels more like family. Life is all about learning, and at BIITM I learned a lot, including everything we have extra classes for to improve our skills, such as analytical, grammar, group discussion interviews, lab, and many more. Even though I live far from home, I never feel isolated or alone since I am constantly in the company of my friends, who will be there for me no matter what, and teachers who help us develop our confidence from the first day until placements.

BIITM has been a great contributor to the development of my personality. I have established my leadership, time management, and team skills and have also been able to advance these skills. The professors here make the college what it is today. With an attitude of being ever ready to help, and not only delivering classroom teachings, but they are also the pillars of the learning gained from this esteemed college and this is a treasure for life. The placement cell provides a lot of training and development to achieve a good job, I have personally got 2 offer letters from HDFC Bank and Land Mark Group (Max Fashion Retail) and I am currently working with Max Fashion Retail. BIITM opens the door to success, we enter through the door and achieve the fruit of success.

"Pride is holding your head up when everyone around you has theirs bowed. Courage is what makes you do it".

And that courage comes from the surrounding where you feel motivated and strive for success.

It was my immense luck and fortune to get that courage and to be a part of BIITM.

Dear BIITM;

Where I have nurtured my interest in "Masters of Business Administration". My journey here has helped me hone my soft skills and transformed me into a confident person. The MBA programme at BIITM offers a variety of career aspects. As a result of exposure provided, my communication, leadership, teamwork and presentation skills have improved. It helped me progress academically and personally.

Each and every faculty members here are very supportive and helpful, the fun filled learning in the classrooms with lectures delivered by them are some of the best moments that any student can have in their student life. The placement administration department has provided guidance and support at every step, which helped me land a job and get placements in reputable companies, it has helped me to make my own decision on which direction I should go and which path will be the best suitable for myself to see my further future with. I have great respect, love and devotion for the entire faculty members, the placement department and the non-teaching staffs at BIITM. It's their efforts and support that make me count on myself, I have had an wonderful academic experience here.

I will always be grateful for what BIITM gave me and cherish the time I have spent there.

Hi I'm Rahul Chowdhury, an MBA student of BIITM (Batch 2021-2023). As a student of this esteemed Institution, I can confidently say that it is an excellent institution for MBA and I-MBA. The college has a well-rounded curriculum that provides students with a comprehensive understanding of their chosen field of study. The faculty members are highly qualified and experienced, and they are always willing to go the extra mile to help students succeed.

The college has a beautiful campus with state-of-the-art facilities, including modern classrooms, well-equipped labs, and a well-stocked library. The campus is also home to a variety of extracurricular activities, including sports, clubs, and cultural events, which provide students with a well-rounded college experience.

One of the things that I appreciated most about BIITM College was the emphasis on practical learning. The college provides students with ample opportunities to gain hands-on experience through internships, research projects, and community service programs. This not only helps students develop practical skills but also prepares them for the real world.

The Training and Placement team has helped students to reach our goals by providing adequate guidance and placement offers so that we can apply each and every job whichever we like. Lastly, I'm pleased to announce that I got selected in Alliant group, Hyderabad as an Associate (Tax Credits) just because of this team support and valuable guidance and training sessions.

Overall, I would highly recommend BIITM College to anyone looking for a quality higher education experience. The college provides students with a supportive and nurturing environment that fosters academic and personal growth.

I am writing to share my incredible experience as a student at Biju Patnaik Institute of Information Technology & Management Studies (BIITM), Bhubaneswar. As a proud student of this esteemed institution, I would like to express my gratitude and highlight some of the unique aspects of my time at BIITM.

From the very beginning, the welcoming environment and friendly faculty members made me feel at home. The college's modern infrastructure, state-of-the-art facilities, and well-equipped classrooms provided an excellent atmosphere for learning and personal growth. The well-stocked library, computer labs, and comfortable study spaces further supported my academic pursuits.

One of the most unique aspects of BIITM is its focus on providing practical, industry-relevant education. Through internships, guest lectures, and industry visits, I gained valuable insights into the real-world applications of my studies. These experiences, coupled with the dedicated guidance of our experienced faculty, allowed me to hone my skills and develop a strong foundation in my chosen field.

Beyond academics, BIITM encourages students to participate in extracurricular activities such as sports, cultural events, and clubs, fostering a sense of camaraderie and teamwork among the student body. The college's vibrant campus life has allowed me to create lasting memories and form strong friendships that I will cherish for years to come.

I am extremely grateful for the support and guidance provided by the faculty and administration at BIITM, which has played a pivotal role in shaping my career path and personal growth. The college's commitment to nurturing well-rounded, skilled professionals has undoubtedly prepared me for a successful future.

I wholeheartedly recommend BIITM, Bhubaneswar to any student seeking a comprehensive and rewarding educational experience. If you have any questions or require further information, please feel free to reach out to me. I would be more than happy to help.

“Learning Gives Creativity, Creativity Leads to Thinking, Thinking Provides Knowledge, And Knowledge Makes You Great.” I chose this course to develop my skills in this field. Here I get many opportunities to learn and grow. Here I not only study and gather knowledge but also increase my confidence by giving presentations, participating in group discussions, giving mock interviews at college, so that we get ready for future campus placements. As well as internships are provided so that we can have industry experience. Our faculty members are qualified and experienced. They clear all our doubts. They took personal interest in their students. I am well satisfied with them. Faculty members were very close to us. Our non-teaching staff are very helpful and supportive. Talking about the placement department, they are the best. They bring many companies for the campus drive. They support us a lot during our placement so that we can get into the best company of our interest. It's a great decision to be a part of BIITM. Or I can say BIITM is a part of my family as my two younger sisters are also pursuing MBA & IMBA from this institute.

At-last I would say my parents, teachers and each and every person present in BIITM helped me in getting my dream job of becoming a Business Analyst at “Mindgraph Technologies PVT LTD.”

College life is an unforgettable experience of one's life and it plays a significant role in shaping our personality and future. According to me BIITM is such a college which has created many values along with academics and in recreational activities in my successful future. In college the students do everything with freedom and life learning. They learn to utilize their knowledge and skills. The teachers also respect the students' desire to be self-reliant and try to develop their self-respect. The best thing about this college is the students do everything with freedom and life learning. The faculties were very cordial and helpful, and got huge support from placement officers, dean. The non-teaching staff were also very supportive and friendly.

"Take up an idea, devote yourself, struggle in patience, and the sun will rise." This quote by Swami Vivekananda perfectly captures the essence of what it takes to succeed in life. The journey to success is never easy, but with determination and perseverance, one can achieve anything they set their mind to. My experience at BIITM is a testament to this.

My journey at BIITM was an unforgettable experience. I joined the college with a dream of becoming a successful HR. The college not only provided me with the academic knowledge but also gave me practical exposure to various co-curricular activities. One of the most memorable moments was when I was made a Student Placement Committee (SPC member), which helped me gain practical knowledge about teamwork, leadership, dedication and patience. The college had a great teaching faculty who were experts in their fields and always ready to guide and support us. They made sure that we understood every concept and cleared our doubts, which helped us to excel in academics. Apart from that, the college had a great placement cell that organized Industrial Visit & various workshops, training sessions to enhance our soft skills and make us industry-ready. The college also provided me with numerous opportunities to participate in various co-curricular activities. This helped me to develop my personality and hone my leadership and communication skills. The college had various clubs that helped us to explore our interests and showcase our talents. One of the biggest moments of my journey was when I got placed as an HR consultant in Spectrum Consultant. This would not have been possible without the support of my college and the guidance of the placement cell. The college helped me to groom my personality and gave me the confidence to face the interview with ease. The non-teaching staff was also very supportive and friendly. They were always ready to help us in any way they could. We had access to all the necessary resources that we needed for our studies. Such as libraries and computer labs. In conclusion, my experience at BIITM was a life-changing one. The college provided me with a platform to achieve my dreams and helped me to become a successful HR consultant. The practical exposure and the guidance that I received during my journey at BIITM were invaluable. I will always be grateful to the college, the faculty members, and the placement cell for making my dream a reality.

"Education is the most powerful weapon which you can use to change the world". A very remarkable quote by Nelson Mandela. And this quote perfectly sums up my experience at BIITM. As it provides quality education and also the practicality of the knowledge which is going to help in corporate a lot. I would like to share my experience as a BIITM Student as this institute not only provides academic knowledge but also provides practical knowledge and skills that prepare students for the corporate journeys ahead. And as per my personal experience BIITM provides a supportive environment that helps students to grow and learn in different ways. The faculty and management of BIITM believe in the potential of each student and encourage them to achieve their full potential. Their unwavering support helps students to overcome challenges and achieve great success in life. In conclusion, BIITM is a college that offers an exceptional learning experience and prepares students to become successful professionals in their chosen field. With its excellent faculty, supportive staff, and state-of-the-art facilities, BIITM is the perfect place for students who believe in themselves and want to achieve wonders.

BIITM has always been known for its contemporary identity defined by the quality of its education and its placement rate. The composite environment, the perfect amalgam of different cultures represented by the students under one roof, is what defines BIITM. My experience has been ecstatic all through these 2 years. Never have I thought that I would enjoy assignments and classes, but our faculties made sure of making our class experience fun and not mundane. The amount of support and encouragement I have got from my fellow batchmates is what helped me the most. We always believe in helping and uplifting each other in academics. Academical learning and co-curricular activities go hand-in-hand at BIITM. The institute believes in framing strong bases for the future leaders that us students are going to become. Our faculties created a friendly and interactive environment for us to produce and reflect on each other's ideas. Learning was made simple and practical with the help of interactive presentations, group assignments and field work. We had exposure to different internship projects throughout our semesters. The thing that makes students of BIITM stand out from other management institutes is the placement rate and quality of it. We have companies like Bluestone, Flipkart, Asian Paints, Federal Bank etc. offering great packages to deserving students all through.

Thank you for everything I have achieved.

"Believe in yourself and all that you are. Know that there is something inside you that is greater than any obstacle." When I first joined BIITM, I was always determined to get into one of the paint industries. And here I am working at Asian Paints as a PSO. It's like a dream come true. But It's not easy to achieve your dream without hardwork. BIITM has helped me a lot to get to the position that I am in right now. I am privileged and happy that I chose BIITM to get to a position I dreamt of. This institute has helped me to take my career to a whole new level. Even I got the chance to be a part of BIITM Placement committee by becoming a SPC member of the place com.

When I joined BIITM I didn't know anyone. But within no time I was the known face in every faculty's eyes. Every one in my batch was my friend. BIITM has students from different culture, tradition, location, religion. Yet we are all one and are known as the BIITMians. I am so proud to be a part of BIITM and is the best institute I have come across so far.
