BIITM is truly stands out as an excellent educational institution. One of its major highlights is the affordability, they charge relatively low fees compared to other colleges in the region, offering great value for money as students are well-prepared for the job market and secure quality placements.

The placement process is streamlined and very supportive. The placement coordinators are incredibly helpful and go the extra mile to guide students through the recruitment process. What's even more remarkable is that the college allows students to sit for multiple companies, even if they have already been placed.

In addition to excellent placements, BIITM is also strongly focused on academics. The faculty members are highly qualified and dedicated to helping students succeed.

BIITM College offers a holistic education with great academic support, placement opportunities, and am blessed to be a part of it.

"Success is not defined by where you start, but by how far you grow with the right guidance and support."

My journey at BIITM (Biju Patnaik Institute of IT & Management Studies), Bhubaneswar has been a remarkable transformation—from an ordinary person to someone extraordinary, confident, and ready for the corporate world. This change would not have been possible without the unwavering guidance and support from our dedicated faculty, especially from the HR and Marketing departments. Their encouragement, mentorship, and belief in me played a major role in shaping my personality and skills.

Placement Stories

I'm proud to share that I was selected in two companies through campus placements—Mayfair Hotels & Resorts Limited and Snitch Retail, and also received an off-campus offer from Lancesoft Inc. These achievements reflect the nurturing and career-oriented environment at BIITM.

A heartfelt thanks to K. Chandrasekhar Sir, our Placement Head and my brother, whose constant motivation and support guided every step of my journey. I feel honored to be the closest to the heart of the placement cell.

As an SPC member, a proud NSS team volunteer, and a winner of various competitions, I carry forward memories of pride, growth, and accomplishment. Truly, BIITM is the best place to learn, evolve, and shine.

I joined biitm in 2020 and thought that i will study, get a job, and go. But after taking admission i realised that how a institute can be so friendly that a student don't want to leave. After certain point of time classroom became our living room campus became our home faculty members became well-wishers/ parents. when we came in to final year and realised that now we have to go then i looked back and realized that 5 years went like 5 hrs because it was so joyful and memorable.
