BIITM HOSTS FACULTY DEVELOPMENT WORKSHOP ON 'ADOPTION OF BEST PRACTICES IN TEACHING-LEARNING PROCESS IN IIM BODH GAYA'

The Biju Patnaik Institute of Information Technology & Management Studies (BIITM) organized a Faculty Development Workshop on "Adoption of Best Practices in Teaching-Learning Process in IIM Bodh Gaya" Prof (Dr) Sreelekha Mishra, IIM Bodh Gaya, served as the resource person, with faculty members from all departments in attendance. Prof Mishra emphasized the shift from traditional teaching to student-centric pedagogies. She discussed contemporary methods such as case-based learning, experiential education, and the integration of sustainability across curricula. Highlighting that effective learning emerges

from active student participation, she underlined the importance of strong student-teacher engagement. The session showcased innovative practices including the use of images and real-life scenarios, development of customized case studies, alignment of courses with current articles, and the Read-Reflect-Recast framework. The workshop concluded with valuable takeaways, reaffirming BIITM's commitment to academic excellence and innovative teaching practices.
