

BIITM Students Achieve Academic and Industry Milestones

Bhubaneswar: Students of Biju Patnaik Institute of Information Technology and Management Studies (BIITM), Bhubaneswar, have marked a series of notable academic and industry achievements. A BIITM student has qualified the UGC-NET with more than 98 percentile, reflecting strong academic performance and determination.

Adding to the institution's achievements, IIT Madras has offered BIITM students paid internships under its direct guidance at its Chennai campus, providing exposure to a premier academic and research environment.

The institute's MBA and IMBA students have also received appreciation from the BFSI sector and Bajaj Finserv for their outstanding performance following the successful completion of an add-on programme.

The achievements highlight BIITM's growing focus on academic excellence, industry exposure and employability-oriented education.
