BIITM-A MODEL FOR SUCCESS

Set up in 1999 by its visionary founder, Late Kalpataru Das to render exemplary service in the field of technical and professional education in Odisha, Biju Patnaik Institute of IT & Management (BIITM) in its sojourn of 18 years, has achieved the enviable status of the best B-School under BPUT. BIITM offers 2-year MBA course for 180 graduates in a batch and 5-year Integrated MBA course for sixty +2 pass students. This institute is reputed for its high standards in academics and student – centred teaching methodology adopted by its erudite faculty. The excellent academics of BIITM was corroborated conclusively when one of its many illustrious students, Ms. Subhashree Pradhan received the University Gold Medal as MBA topper for 2016 from Hon'ble Governor of Odisha on 17.03.2017.

Every week, several hours of class time are devoted to Soft Skills Development, General Business Awareness, and Pre-placement training over and above the classes on different papers of the university curriculum. The usefulness of these Beyond-the-curriculum classes have been amply reflected in the institute's placement record of the last five years. It is noteworthy that out of the 169 MBA students of the 2017 pass-out batch, 161 have been placed in different companies with 205 offers. We feel proud to have 78 top-notch companies like Asian Paints, Axis Bank, Reddington India Limited, Berger Paint, UPS logistics and many more as our patrons for placement as well as Summer Internship Programme.

With its student-friendly academic approach, strict regime of preparation for employment opportunities, and above all, its professional bonding with top-notch companies for placement, it is not surprising that students of different management institutes regard BIITM as the best B-School under BPUT.
